Grinding machine KL-205

Precise, versatile and favourably priced

Surface ground: The mincer knives and plates are reground while being fixed by magnets and centered by means of centering pieces.

The manual grinding is used for straight grinding of the knives. The grinding angle can be fixed and the grinding pressure can be controlled easily.

Technical Data:

Prod.-No.: 9818100
Voltage: 3~400 V / 50 Hz
Connected load: 0,87 kW
Emissions sound pressure level L_{pA} : 63 dB
Emissions sound pressure level L_{WA} : 74 dB

Net weight: 85 kg
Height: 480 mm
Width: 1300 mm
Depth: 960 mm

CE/GS
